Late opening until 8pm on Monday and Thursday.

AcCord is a project by artist Benjamin A. Owen made between 2016—18 in collaboration with residents of Mildmay Extra Care Home as part of Cubitt Education Community Studios programme. Comprising of social gatherings, collaborations with artists and musicians, films, conversations, soundtracking and writing, the project tested out the politics of music and sound in care home environments.

AcCord was made in partnership with Notting Hill Genesis Housing Group and Cubitt Gallery Education with support from Arts Council England.
